Hybrid Tuberous Begonias

For many years, our policy has been to include in this line, all of the available Tuberous Begonias of interest. We believe that a careful examination of this folder will demonstrate our success in this. We have for years, stressed the superior quality of the American Hybrid Begonias and this year they are better than ever. However, because of changes in American production schedules we have been compelled to draw on reliable foreign specialists for a few varieties that have been popular for years. These have been identified and we know they are of the best quality.

Harrold's Pedigreed American Hybrids

NEW MID-CENTURY GIANT DOUBLE RUFFLED

Beyond question, this group is to become the most widely grown of all the Tuberous Begonias. American Breeders and production men are so sure of this that they have now discontinued the growing of the older and long popular Camellia Type. These flowers are larger, beautifully frilled and ruffled and the colors and plant habit are the best ever. Doubleness and color uniformity, while still not perfect under all cultural conditions, is much improved and with reasonable culture will produce most satisfactory results.

PRICE PER 3 6 12 25

SANDRA: An attractive shade of apricot with pinkish undertones.	\$1.35	\$2.40	\$4.50	\$ 8.00
PATRICIA: A beautiful satiny, deep pink of clear hue. An oh and ah kind.	1.35	2.40	4.50	8.00
THORA: Bright, golden orange. One of those striking shades that draws the eye.	1.35	2.40	4.50	8.00
LAURENE: A bright rose-red with a fluorescent tone. One of the brightest.	1.35	2.40	4.50	8.00
LOIS: A really dark red of velvety, fluorescent sheen. A truly eye-catching shade.	1.35	2.40	4.50	8.00
JANET: (New '59) Pastel salmon-pink with fine flower form. So luscious it looks good enough to eat.	1.35	2.40	4.50	8.00
CLEO: A universally admired shade of medium rose. Works in well anywhere.	1.35	2.40	4.50	8.00
NANCY: Beautiful fluorescent salmon. A pastel shade that is compatible with anything.	1.35	2.40	4.50	8.00
DOROTHY: That luscious shade of scarlet that everyone admires.	1.35	2.40	4.50	8.00
LINDA: Yellow of shade rare in other flowers. A most pleasing shade and exquisite form.	1.35	2.40	4.50	8.00
MARION: A pure clear white of pearly-opalescent tone. Very appealing.	1.35	2.40	4.50	8.00
SELECT PREMIUM TUBERS: These are 1¾ inch and larger, same varieties as listed above labeled.	2.10	3.90	7.00	12.50

The above 11 varieties in same grade combine to obtain quantity price within the group. Each variety labeled separately.

MID-CENTURY MIXTURE: Mixture made up from the above group in regular grade size. Not labeled.	1.20	2.10	4.00	7.50
---	------	------	------	------

IMPORTANT - Please Read

CROPS throughout the world in Begonia and Gloxinia Tubers and many seed items are short. Quality is good but the quantity is simply not available. Because of this we suggest that you order all your garden needs just as early as you can. We've held up the printing of this catalogue to determine probable supply and we feel that most items will remain available for a reasonable time. It is certain, however, that shortage of most desirable items will appear earlier than usual this year. ORDER WHAT YOU WANT TODAY!

OUR POPULAR GRADE, Except where otherwise specified, good blooming size from 1¼ to 2 inch; PREMIUM GRADE, 1¾ to 2½ inch.

Harrold's Pedigreed American Hybrids

THE ROMANTIC PICOTEEES

This type group, while based on a concept of many years standing, has developed into an outstanding new group. The fore-runner of the Modern Types has been available in mixture for several years. However, if you note the dates of introduction given, you will see that the bulk of the named varieties have come in the past three years. The basic difference of these to others is the flower coloring, form and flower size. As with all Begonias, the colors are most attractive and bright. With these, each flower petal has a complementing border of different shade. Colors you can't visualize, even in a dream. Flower form is modern and exquisite and these are among the largest. Supply is limited but you can't overlook these this year.

PRICE PER EACH 3 6 12

LUSCIOUS: (New 1961) This red addition to the Picotee group is most attractive. The two-tone red shades with the complementary border affords a delightful combination with much attraction for those who like red flowers.	\$1.35	\$4.00	\$7.50	\$14.00
ALLURE: (New 1958) Rich rose ground with red picotee border. A very full petaled flower of fine substance. Border mostly of the broad type.	\$1.25	\$3.50	\$6.75	\$12.00
CHARMING: (New 1957) Apricot ground with rose border. Full petaled Camellia Type. A very attractive and popular one.	1.25	3.50	6.75	12.00
DARLING: (New 1957) Salmon with scarlet border. The border blends into the ground on many.	1.25	3.50	6.75	12.00
ENCHANTRESS: (New 1957) Pink with well defined red border, very striking effect.	1.25	3.50	6.75	12.00
FROSTY: (1959) We made the original introduction of this outstanding Brown origination. The first Picotee of the Carnation type. Luscious pink center with the edges of each petal frosted with white and finely lacinated. A prized novelty.	1.25	3.50	6.75	12.00
LOVELINESS: Cream white with pleasing rose-red border. Very fine form.	1.25	3.50	6.75	12.00
SWEETHEART: Pure white with scarlet-red border. A real Valentine combination.	1.25	3.50	6.75	12.00

The above 7 may be combined to obtain quantity price within the group.

PICOTEE COLLECTION: One tuber each of 8 varieties for \$8.00.

SUPER PICOTEE MIXTURE: A wide range of colors that include the above along with many others that are not yet available in enough quantity to name and offer as separate colors.	1.25	3.35	6.50	11.50
---	------	------	------	-------

NEW SENSATIONAL BASKET VARIETY

Harold's Pedigreed American Hybrids

PICOTEE HANGING BASKET Giant Camellia

Combining all of the flower size, plant habit and with added beauty over the regular Camellia Pendulas listed just below, these have all the added novelty and beauty of the Picotee flower markings. They are an Oh! and Ah! group by any standard. Supply is only moderate so best order quickly.

PRICE PER Each 3 6 12

SATIN CANDY: Shades of pink and rose with rose to scarlet and red picotee borders. Flowers of medium size freely produced. ...	\$2.50	\$6.00	\$10.00	\$19.00
HEART'S DESIRE: A group of red shades with pleasing shading in darker and lighter shades along the border of the petals. Medium large exquisite form.	2.50	6.00	10.00	19.00
SWEETIE PIE: Salmon and apricot shades with mostly deep pink and rose borders. Flowers relatively large and plants robust.	2.50	6.00	10.00	19.00
Three varieties in the group may be combined to obtain quantity price.				
PICOTEE PENDULA MIXED: A varied blend of attractive colors.	1.50	4.00	7.50	12.00

Harold's Pedigreed American Hybrids

HANGING BASKET GIANT CAMELLIA

PRICE PER EACH 3 6 12

APRICOT: Luscious color, long branches.	\$1.00	\$2.75	\$5.10	\$10.00
ORANGE: Very striking flame orange.	1.00	2.75	5.10	10.00
PINK: Rich glistening pink.	1.00	2.75	5.10	10.00
RED: Neon fluorescent sheen. Dazzling.	1.00	2.75	5.10	10.00
ROSE: A bright shade of great depth.	1.00	2.75	5.10	10.00
SALMON: Soft shades of varying intensity. ...	1.00	2.75	5.10	10.00
SCARLET: An eye-catching dazzling shade. ...	1.00	2.75	5.10	10.00
WHITE: Pure paper white to light cream.	1.00	2.75	5.10	10.00
YELLOW: Rich canary yellow of good form.	1.00	2.75	5.10	10.00
MIXTURE: A good range of colors in the above shades. No selection and not labeled.	.80	2.25	4.25	8.00
SELECT PREMIUM TUBERS: These run two inches and larger. The above separate colors labeled.	1.25	3.50	6.00	11.25

Any of the items within this group of the same price may be combined for quantity price.

Hanging Basket Continued next column

Hanging Basket Begonias Cont.

The Pendula or Hanging Basket Tuberous Begonias have always been highly popular although not cultured as often as the bush forms. One to three tubers in a hanging basket will make a sight long to be remembered, with their hundreds of flowers and long trailing branches. These large flowered doubles are beyond a doubt one of the most showy of plants. Do well as a trailer in the edge of window boxes too. We've selected the very finest strain.

#### THE FAMOUS SANTAS - by Brown

BUSH FORM  
UPRIGHT GROWTH

The Santas have been a popular group with our customers since their original introduction. We believe that at present we are the only American source of the originator's complete current selection. Each tuber is selected in the growing field for color, size and form: staked and at harvest less than one in three staked tubers go on to the gardener as meeting the originator's standard. Supplied in blooming grade only, as received from the originator.

VERY OUTSTANDING

## Harrold's Pedigreed American Hybrids

### NEW GIANT ROSEFORM DOUBLE

The type variety, Rosebud, has been popular for many years. This new race, Roseform Giant Double, is far superior and affords a greater, more complete range of colors. We believe it will prove to be one of the most popular groups of Tuberous Begonias introduced to date. The flowers are larger and with more fully double form than the earlier type. Their form follows that of a beautiful Hybrid Tea Rose. These do not flatten out and become loosely formed as the flowers develop so they are more attractive over a longer time. The plant habit is more robust and they do well in less favorable situations. You'll simply have to have some of these. Same grade sizes as the Mid-Century Group.

|                                                                                                             | PRICE PER | 3      | 6      | 12     | 25      |

## Harrold's Pedigreed Imported Hybrids

### THE NEW "7 DWARFS" Mul-Cam Multiflora

This new group, MulCam Multiflora Begonias is a new departure in this type. They are the result of crossing Camellia Flowered types onto Multiflora, resulting in larger, more double and symmetrical flowers, that are produced well above the foliage. A well grown specimen in a 10 inch pot will only be 10 to 12 inches high with 20 or more blooms, 2 to 3½ inches across. A truly striking specimen. The reddish edges of the leaves adds much to the attractiveness of the plant. They are such appealing little beggars that we've named them after Snow White's Seven Dwarfs, for there's just 7 colors of them. Tubers are 1 inch and up as they make a small tuber. All will bloom when properly cultured.

|                                                                                                                                           | PRICE PER | Each   | 3      | 6      | 12     |

## Harrold's Pedigreed American Hybrids

### INTERESTING MULTIFLORAS

These Multiflora Begonias are attractive and desirable in any collections. They make ideal plants for both pot and bed culture. Plants are 10 to 15 inches high and produce literally hundreds of 1½ to 3 inch flowers during the season which is very long. A wonderful plant for window or porch boxes.

These Multiflora Gigantea are the development of one of the foremost American specialists and are California grown. They're very much improved.

|                                                                                                                                                                                | PRICE PER | Each   | 3      | 6      | 12     |
